

## ParentVue App - Access Gradebook and Class Websites

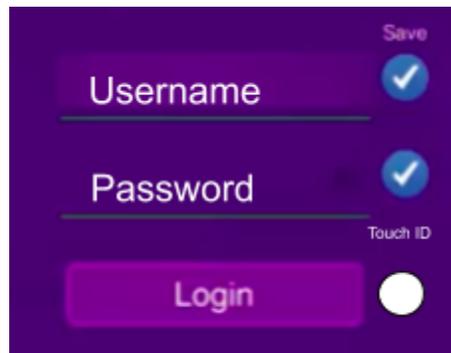

- These directions assume parents/guardians have already activated their ParentVUE account.
- ParentVUE account activation requires an activation key and must be setup using a laptop or desktop - not a mobile device. If you need an activation key please call the school directly. There is a desktop in the front office parents/guardians may use to activate their ParentVUE account.

<p>1. Download the ParentVUE App from the App store</p>	
<p>2. Allow notifications</p>	
<p>3. Swipe left to search for your school district. ParentVUE will use your location or you can enter your zip code in the top box. "Arlington Public Schools" should appear in the list.</p>	
<p>4. Click on "Arlington Public Schools"</p>	
<p>5. Click on "Yes" to select Arlington as your district.</p>	

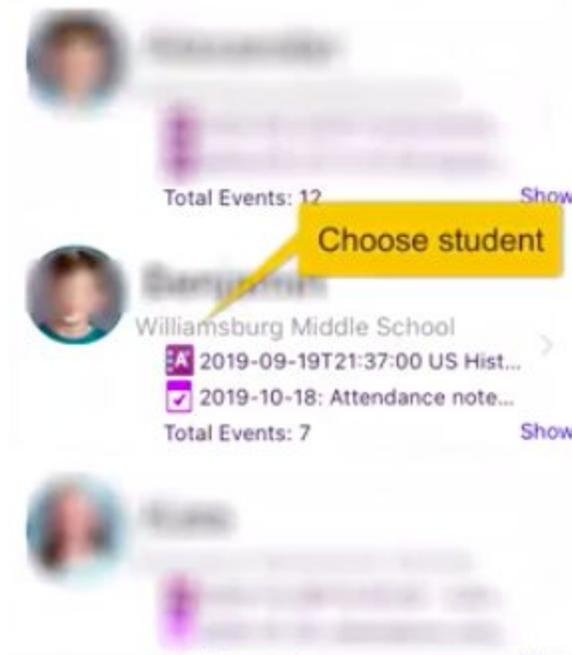

6. Select "Already Activated" if you have already setup your account. If this is the first time logging in to ParentVUE please use a laptop or desktop - not a mobile device. There is a desktop in the front office of the school that parents and guardians may use to login to ParentVUE.

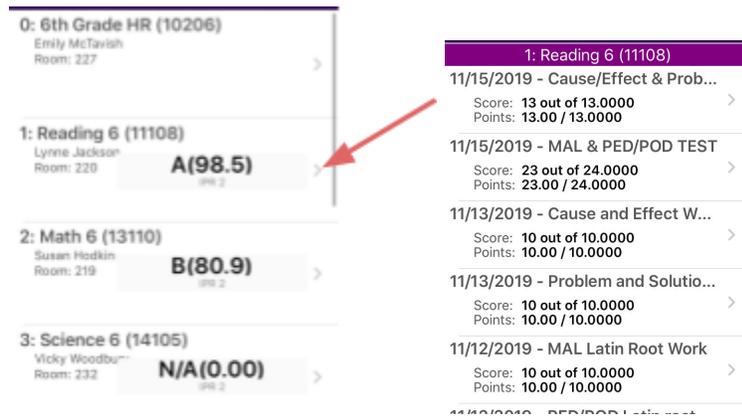

7. Enter your username and password and click on the save circles to save this information. \*Users may also setup Touch ID

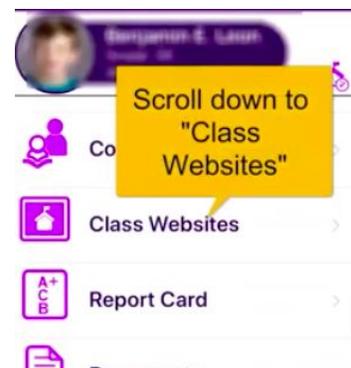

8. Click on the student's name.

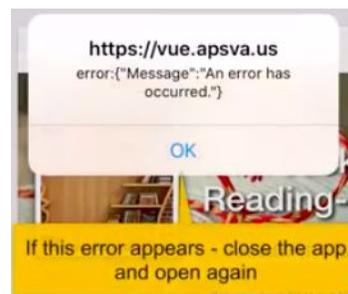

9. On the Navigation page click on "Gradebook" to see student grades. Click on the small arrows to see more detail.

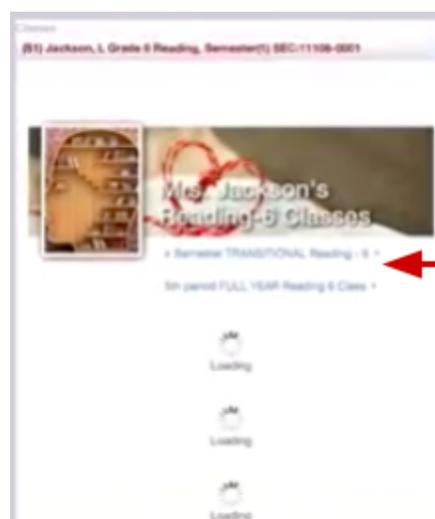

10. Click on the "Back" arrow to return the Navigation screen. Scroll down and click on "Class Websites" to see homework requirements.

11. If you receive an error just close the app and reopen and the message should disappear.

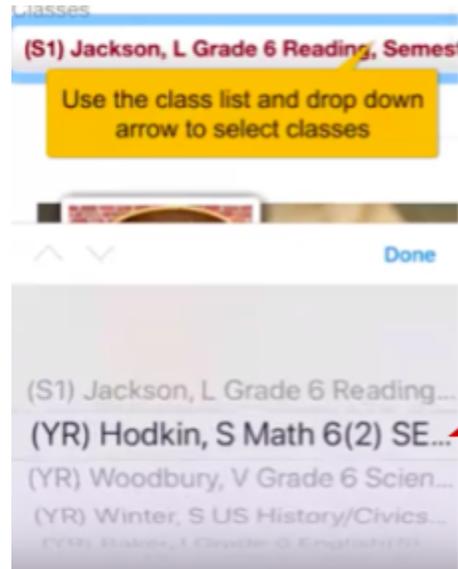

12. The Class Website for your student's first class will appear. Some teachers have drop down arrows just below the header. If necessary scroll down the page to see information.

Some teachers have drop down arrows just below the header.

Scroll down the page to see more information.

13. Press on the class name and drop down arrow to scroll through your student's classes. Choose each class one at a time.

Press on the class name to pull up the list of classes.

Rotate through your student's classes. Choose each class one at a time.

14. Proceed through each class to see the homework.
